 - (c) prevent imminent harm and the amount of force used is proportionate to the threat of imminent harm, while protecting the safety of the officer or others; or
 - (d) defend against an individual who initiates force against an officer.
- (2) A law enforcement officer shall use only the amount of force necessary against an individual who is engaged in passive resistance to effect the lawful arrest or detention of said individual and shall use de-escalation tactics where feasible.
- (3) Physically escorting or handcuffing an individual with minimal or no resistance does not constitute a use of force for purposes of 555 CMR 6.04. Use of force does include the pointing of a firearm, ECW, CED or CW at an individual and the use of OC spray on an individual or directed toward an individual.
- (4) Officers shall always provide appropriate medical response to individuals who are exhibiting signs of or complaining of injury or illness following a non-deadly use of force when safe and tactically feasible.
- (5) All law enforcement officers shall be properly trained and certified in the use of any less-lethal weapons before being authorized to carry or use such force options.
- (6) Except to temporarily gain, regain or maintain control of an individual and apply restraints, a law enforcement officer shall not intentionally sit, kneel, or stand on an individual's chest or spine, and shall not force an individual to lie on their stomach. In no event may a law enforcement officer intentionally sit, kneel, or stand on an individual's neck or head.
- (7) A law enforcement officer shall not obstruct the airway or limit the breathing of any individual, nor shall a law enforcement officer restrict oxygen or blood flow to an individual's head or neck. An individual placed on their stomach during restraint should be moved into a recovery position or seated position as soon as practicable.

6.05: Use of Deadly Force

- (1) A law enforcement officer shall not use deadly force upon a person, unless de-escalation tactics have been attempted and failed or are not feasible based on the totality of the circumstances and such force is necessary to prevent imminent harm to a person and the amount of force used is proportionate to the threat of imminent harm, and;
 - (a) The imminent harm poses an imminent danger of death or serious bodily injury to the officer or another person;
 - (b) The officer attempts as many de-escalation tactics that are feasible under the circumstances, including utilizing barriers where feasible; and
 - (c) The officer uses only the amount of force that is objectively reasonable.
- (2) A law enforcement officer shall not use a chokehold or other tactics that restrict or obstruct an individual's breathing or oxygen or blood flow to an individual's head or neck. A law enforcement officer shall not be trained to use a lateral vascular neck restraint, carotid restraint or other action that involves the placement of any part of law enforcement officer's body on or around a person's neck in a manner that limits the person's breathing or blood flow.
- (3) An officer may not use deadly force against a person who poses only a danger to themselves.
- (4) A law enforcement officer shall not discharge any firearm into or at a moving motor vehicle unless, based on the totality of the circumstances, including the risk of safety to other persons in the area, such discharge is objectively reasonable, necessary to prevent imminent harm to a person and the discharge is proportionate to the threat of imminent harm; and only if the following conditions exist:

6.05: continued

- (a) A person in the vehicle is threatening the officer or another person with deadly force by means other than the vehicle; or the vehicle is operated in a manner deliberately intended to strike an officer or another person, and all other reasonable means of defense have been exhausted or are not present or practical, which includes moving out of the path of the vehicle;
- (b) Officers have not intentionally positioned themselves in such a way as to create a likelihood of being struck by an occupied vehicle (*e.g.*, surrounding a vehicle at close proximity while dismounted);
- (c) The officer is not firing strictly to disable the vehicle; and
- (d) The circumstances provide a high probability of stopping or striking the intended target.

(5) A law enforcement officer shall not use deadly force at any point in time when there is no longer an objectively reasonable belief that an individual currently and actively poses an immediate threat of serious bodily harm or death, even if deadly force would have been justified at an earlier point in time.

(6) Where feasible based on the totality of the circumstances, officers shall verbally identify themselves as police officers and issue some warning before using deadly force.

(7) Officers shall always provide appropriate medical response to an individual following a use of deadly force when safe and tactically feasible.

6.06: Duty to Intervene

A law enforcement officer present and observing another officer using or attempting to use physical force, including deadly force, beyond that which is necessary or objectively reasonable based on the totality of the circumstances, shall intervene to prevent the observed officer's use of unnecessary or unreasonable force, regardless of the rank of the officer so observed, unless intervening would result in imminent harm to the officer or another identifiable individual.

The failure of a law enforcement officer to intervene as set forth in 555 CMR 6.06 may subject the officer to de-certification by the Commission.

6.07: Use of Force Reporting

(1) Law enforcement agencies shall develop and implement a policy and procedure for reporting the use of force. Such policy shall mandate reporting such incidents including, but not limited to, officer-involved injuries or deaths as described in 555 CMR 6.00, and include the use of a standard use of force reporting form as approved by the Committee and the Commission which shall be completed by any officer who uses force.

(2) Law enforcement agencies shall report to the National Use of Force Data Collection Database when actions by a law enforcement officer resulted in the death or serious bodily injury of an individual, or when a law enforcement officer, in the absence of death or serious bodily injury, discharged a firearm at or in the direction of a person.

(3) Law enforcement agencies are not required to report the discharge of a firearm during training or qualification exercises, or for the purposes of animal destruction/euthanasia where necessary.

(4) An officer who observes another officer using physical force, including deadly force, beyond that which is necessary or objectively reasonable based on the totality of the circumstances shall report the incident to an appropriate supervisor as soon as reasonably possible but not later than the end of the officer's shift. The officer shall prepare a detailed written statement describing the incident consistent with uniform protocols. The officer's written statement shall be included in the supervisor's report.

(5) An officer who knowingly makes an untruthful statement concerning a material fact or knowingly omits a material fact from a use of force report may be subject to decertification.

6.07: continued

(6) Law enforcement agencies shall develop and implement a policy and procedure for law enforcement personnel including, but not limited to, law enforcement officers, to report abuse by other law enforcement personnel including, but not limited to, law enforcement officers, without fear of retaliation or actual retaliation.

(7) Any harassment, intimidation, or retaliation against any officer who either intervened to prevent or stop an excessive force incident or made, intended to make, or is required to make a report regarding the witnessed excessive force incident shall be reported immediately to an appropriate supervisor and will not be tolerated. Any such actions may result in decertification.

(8) All use of force reports shall be retained and maintained by the law enforcement agency/department and are subject to discovery and access through the Massachusetts Public Records Law M.G.L. c. 66.

6.08: Mass Demonstrations, Crowd Management, and Reporting

(1) A police department shall establish plans to avoid and to de-escalate potential or actual conflict between officers and mass demonstration participants. When a police department obtains advance knowledge of a planned mass demonstration within the police department's jurisdiction, the police department shall diligently attempt in good faith to:

- (a) communicate with organizers of the event before the event occurs in an effort to establish reliable channels of communication between officers and event participants, and
- (b) discuss and establish logistical plans to avoid or, if necessary, to de-escalate potential or actual conflict between law enforcement officers and mass demonstration participants.

(2) The department shall designate an officer in charge of de-escalation planning and communication to carry out the above plans within the department.

(3) A law enforcement officer shall not discharge or order the discharge of tear gas or any other chemical weapon, discharge or order the discharge of a kinetic impact device or rubber pellets from a propulsion device or order the release of a dog to control or influence a person's behavior unless:

- (a) de-escalation tactics have been attempted and failed or are not feasible based on the totality of the circumstances; and
- (b) the measures used are necessary to prevent imminent harm and the foreseeable harm inflicted by the tear gas or the chemical weapon, kinetic impact device, rubber pellets or dog is proportionate to the threat of imminent harm.

(4) If a law enforcement officer utilizes or orders the use of kinetic impact devices, rubber bullets, CEDs, CWs, ECWs, or a dog against a crowd, the law enforcement officer's appointing agency shall file a report with the Commission detailing all of the measures that were taken in advance of the event to reduce the probability of disorder and all de-escalation tactics and other measures that were taken at the time of the event to de-escalate tensions and avoid the necessity of using said weapons, including a detailed justification of why use of said weapons was objectively reasonable.

(5) Canines should not be utilized for crowd control, restraint, or management of peaceful demonstrations, but may be deployed for crowd control, restraint, or management of peaceful demonstrations in isolated circumstances related to bomb detection, pursuit of suspects in buildings, and related situations. Utilization does not include circumstances in which the canine remains on a short lead in close proximity to the handler and is well behind the line of contact between law enforcement and civilian personnel.

(6) The use of Kettling as a means of crowd control, crowd management, or crowd restraint is prohibited.

6.09: Investigation When Use of Force Results in a Death or Serious Bodily Injury

Law enforcement agencies shall develop and implement a policy and procedure for reporting a use of force that results in a death or serious bodily injury.

Whenever an officer uses force that results in a death or serious bodily injury, the Officer-in-charge shall immediately notify the agency head or their designee. The agency shall conduct an investigation according to their policies and protocols.

If the use of force involved a weapon, the agency head or their designee shall secure the weapon or weapons used for examination and maintain the appropriate chain of custody protocols.

6.10: Use of Force Training

(1) The Committee shall develop and periodically deliver use of force training to law enforcement officers consistent with 555 CMR 6.00 including, but not limited to:

- (a) de-escalation tactics;

- (c) responding to mass gatherings;
- (d) cultural competency;
- (e) progression of force; and
- (f) lawful use of force techniques and equipment on a schedule to be determined by the Committee.

(2) The Commission and the Committee shall jointly develop a model use of force policy. All law enforcement agencies shall have a written use of force policy consistent with the model policy and the agency's particular mission; provided, however, that an agency's use of force policy shall comply with 555 CMR 6.00 and all relevant state and federal laws.
